9 February 2016

Dear Parents,

As we are due to expect very high temperatures this week, we would like to inform you of our response to these conditions.

As all classrooms are air conditioned students should not be significantly impacted by the high temperatures during lessons.

Over the next few days, students will spend recess and lunch time inside during days where the temperature exceeds 37ºC. They will have an opportunity to play with similar year classes during these times. The library will also be open for students during the breaks.

Mr Archer will be conducting PE lessons inside the classroom and will follow a similar modified program.

We would appreciate your assistance reminding your child to take their hat to school, wear sunscreen and regularly drink water throughout the day.

Should you have any queries regarding this matter, please do not hesitate to email via our Hillcrest PS address Hillcrest.PS@education.wa.edu.au or contact your classroom teacher.

Kind regards

Dan Bralich
Principal
Hillcrest Primary School
